100 days to go – WHOOP UCI Mountain Bike World Cup Anniversary Edition X in Lenzerheide

In exactly 100 days, from June 19 to 21, 2026, the WHOOP UCI Mountain Bike World Cup will return to Lenzerheide – this year as the «Anniversary Edition X.» Ten editions represent a decade of world-class racing, unforgettable moments, and festival vibes in the heart of the Bike Kingdom – a true milestone in the event's success story.

Since its premiere in 2015, Lenzerheide has become a staple on the international mountain biking calendar. World and Olympic champions, as well as legends of the sport, have made history here. At the same time, a festival has grown around the races, combining sports, community, and celebration in a way that few other World Cup venues can match.

Edition X celebrates not only sporting excellence but also the people behind the event: hundreds of dedicated volunteers, committed partners, region, and loyal bike community. Together, they have established Lenzerheide as one of the epicenters of the global mountain biking community.

An anniversary full of highlights

In 2026, the world's best athletes will return to the Bike Kingdom for thrilling races in Cross-Country Olympic (XCO), Short Track (XCC), and Downhill (DHI).

«100 days to go – we are thrilled to celebrate the tenth edition of our event. Ten editions are anything but a given. They represent trust, passion, and outstanding teamwork over many years. We want to celebrate this milestone together with the athletes, fans, and the entire region – with world-class racing, festival vibes in the Bike Kingdom and unforgettable W.O.W. moments,» says OC President Christoph Müller.

In the Event Village, visitors can look forward to the Official Fan Zone, Expo, Team Paddock, as well as food, drinks and parties – everything needed for a perfect mountain bike weekend. The countdown is on.

From June 19 to 21, 2026, Lenzerheide will once again be the setting for the international MTB elite and invites fans to a very special anniversary edition. Those who want to experience it live should secure their tickets early. For all ticket information, visit mtbworldcup.ch.

Accreditation – important information for media representatives:

Media professionals wishing to be accredited for the UCI Mountain Bike World Cup from June 19 to 21, 2026, must have a personal profile on the [WBD media accreditation platform](#). Those who do not yet have a profile must register on the platform in a timely manner. Accreditation is not possible without a profile.

The accreditation period closes on June 12, 2026, after which no more applications will be processed.
